6<sup>th</sup> March 2019

To whom it may concern,

Herewith I confirm that Dr. Remziye Akdođan from Nanjing University (P.R. China) will visit “Mineral Preparation Laboratories of Eurasia Institute of Earth Sciences, Istanbul Technical University” to do some collaborative lab work, such as preparing thin sections, performing mineral separation and sample preparation for whole rock geochemical analysis between 24 April and 31 July, 2019 in order to deepen the international cooperation between the two universities.

All the travel expenses for her visit (from Nanjing to Istanbul, as well as Istanbul to Nanjing) will be covered by Prof. Dr. Xiumian Hu’s project (Nanjing University, China). We will not require an additional fee from her for laboratory usage. The accommodation and daily expenses will be covered by herself.

Yours sincerely,

Aral Okay
