Dear Anatoly,

When you are in the U.S. to attend the upcoming meeting of the American Geophysical Union (AGU) in San Francisco, you would most welcome to visit my group at UC Berkeley beforehand from December 4th until December 10th, 2023, in order to share your research, learn about activities in my group, discuss career opportunities with the younger members of my group and talked about trends in the field of high pressure sciences in general.

We look forward to your visit.

Sincerely,

A handwritten signature in cursive script that reads "B. Militzer".
