Dear Prof. Yang,

On behalf of Geoconferences and the organising committee of the 6th International Archean Symposium (6IAS), I would like to extend a formal invitation to you, to attend:

- The 6th International Archean Symposium that will be held in Fremantle, Australia (25-27 July 2023),
- The pre-conference field trip FT2 – Redefining Archean terrane boundaries: A radical update within the Yilgarn Craton from the 20 July to 23 July 2023.

This important event will provide a unique opportunity for the global research community to share and discuss significant advances in understanding the Archean Earth, and the legacy it has left us.

We look forward to meeting you in July.

Yours Faithfully,
