Address  
Mekelweg 5  
2628 CC Delft  
Postal address  
P.O. Box 5020  
2600 GA Delft  
The Netherlands

Dear Sir, Madame,

With this letter we invite Prof. dr. Shujun Ye, Professor of Hydrogeology at the School of Earth Sciences and Engineering at Nanjing University (P R China), to visit the Tenth International Symposium on Land Subsidence (TISOLS).

We specifically invite Prof. Ye to deliver a keynote at TISOLS addressing the land subsidence issues and mitigation policy in Shanghai. This keynote will form an important contribution to the symposium. We cordially invite Prof. Ye to additionally engage in the discussion forum that will be held on the final day of the symposium. Both the keynote and discussion forum will be attended by the land subsidence community, but also by professionals, policy makers and politicians from the Netherlands.

This symposium is organised by the Delft University of Technology, The Netherlands and will be held from 17-21 April 2023. Please visit our [website](#) for more information.

The costs involved in this symposium (travel/lodging/registration fee) have to be paid by Prof. Dr. Shujun Ye.

Yours sincerely,

A handwritten signature in blue ink that reads "P.A. Fokker". The signature is written in a cursive style and is underlined with a blue horizontal line.

On behalf of the Organising Committee Tenth International Symposium on Land Subsidence (TISOLS)

Dr. Peter A. Fokker
